

# IT MAKES CENTIVO TO HAVE A HEALTH PLAN BUILT SPECIFICALLY FOR SELF-FUNDED EMPLOYERS.

Centivo provides everything you need to administer your health plan and replaces a traditional carrier or TPA.

Centivo offers the flexibility to meet the unique needs of each employer population. Our solution is fully transparent, so you know exactly how your money is being spent. It's easy to use for everybody and provides a positive experience for employees and their families.

## Components of our health plan solution include:

### Provider reimbursement options

- Proprietary ACO-based networks
- Traditional network options
- Direct contracts (via broker or employer)
- Reference-based pricing

### Simple member experience

- Proprietary member app/portal
- Open enrollment educational materials
- Friendly welcome communications
- Year-round communications
- Hands-on member service

### Plan administration

- Ability to administer all plan types and unique benefit designs
- Efficient claims processing
- Cost controls
- Out-of-network claims management
- Reference-based pricing management
- Analytics, with full access to your data
- Stop loss – choose from preferred partners or bring your own, if applicable

### Pharmacy management

- Pre-integrated transparent PBM partners or ability to bring your own PBM

### Care management

- Utilization and case management through Centivo's partners or network providers, or option to bring your own

A health plan built specifically to suit the needs of self-funded employers, with high flexibility to build a plan that will work for you, your employees and their families. It doesn't just make sense.

## IT MAKES CENTIVO.
